(a) whether it is a fact that due to imposition of restricted entry of goods by the United States Government, country's exports to that country have suffered a lot.

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE (SHRI P. R. DAS MUNSHI): (a) to (c) Non-oil exports from India to USA during the last few years have been as under:—

	(*Value in Rs. crores*)
1981-82	920.20
1982-83	950.25
1983-84	1395.55
1984-85	1765.83
1985-86	1994.18 (Provisional)

The general trend of exports from India to USA has been upward. However, India's exports of textiles and clothing have faced the constraint of quotas and exports of certain iron and steel products have been affected by anti-dumping and countervailing duties.

Recently India has successfully concluded a five year Bilateral Agreement on textiles and clothing commencing from 1st January, 1987. This agreement provides larger access for India's exports of these items. The anti-dumping and countervailing duty investigations have been contested in U.S. Courts. The matter has also been taken up bilaterally at Inter-Governmental level and in the multilateral forum of GATT in an effort to minimise the effect of these proceedings on India's exports
